Patience-this is all I have now. I just spoke with Michael. If BLM goes forward with this, we are asking that they hold public comments in mid-May. If BLM doesn't decide to go forward, the whole issue is dead. I know this is a poor map and does not show individual properties, but it's what I have. I use Word 2007. If you cannot open these attachments, e-mail HLorne@sandovalcounty.com and she may be able to convert it to a format you can open. I will be in Court in Valencia County tomorrow, so I cannot respond to anything else until Monday. Hope you and your family are doing well. David

David,

Here's the one-liner narrative & map of the NE loop concept from The County Development report given to P&Z back in March.
